Discussion

Done state is not viewed on work item:

The screenshot shows the Azure DevOps interface for the 'Hexa-Deb-1076' project. The left sidebar contains navigation links: Overview, Boards, Work items (selected), Backlogs, Sprints, Queries, Delivery Plans, Analytics views, Repos, Pipelines, Test Plans, and Project settings. The main area displays the 'Work items' view. At the top, there's a search bar and a notification about the new Boards Hub. Below, a toolbar includes 'Recently updated', '+ New Work Item', 'Open in Queries', 'Column Options', 'Import Work Items', and 'Recycle Bin'. A filter bar allows searching by keyword and filtering by Types, Assigned to, States, Area, and Tags. The work items table has columns: ID, Title, Assigned To, State, Area Path, and Tags. Two items are listed: ID 3, 'Create first page' (Unassigned, To Do, Hexa-Deb-1076) and ID 2, 'For firstproject' (Unassigned, To Do, Hexa-Deb-1076).

ID	Title	Assigned To	State	Area Path	Tags
3	Create first page	Unassigned	To Do	Hexa-Deb-1076	
2	For firstproject	Unassigned	To Do	Hexa-Deb-1076	

Updated issue to doing:

The screenshot shows the Azure DevOps interface for the 'Hexa-Deb-1076' project, specifically the 'Queries' view. The left sidebar is the same as the previous screenshot. The main area shows a 'Custom query' result. The toolbar includes 'Results', 'Editor', 'Charts', 'Run query', '+ New', 'Save query', 'Save items', 'Column options', and a '1 of 1' indicator. The query results table has columns: ID, Work item..., Title, Assigned To, and State. One result is shown: ID 2, 'Issue', 'For firstproject', Unassigned, and State '2*'. The right sidebar shows the details for the selected work item '2 For firstproject'. It includes the state 'Unassigned', 0 comments, and a 'Save' button. Below, the 'Description' field is empty with a 'Click to add Description' prompt. The 'Planning' section shows 'Priority 2' and 'Effort'. The 'Deployment' section has a note about tracking releases and a 'Learn more' link.
